

Moon Township & ASSET

presents

“Clean Water is Everybody’s Business” at the Botanic Garden September 24

What impact do you have on the watershed in your community?

We all live in a watershed -- the area that drains to a common water way, such as a stream, lake, estuary, wetland, aquifer, or even the ocean. Our individual actions can directly affect it. Working together we can help protect our local water resources.

Are you curious about the water where you live? Join us for an informational and interactive evening at the Botanical Gardens on Thursday, September 24th from 6-8pm to find out what you can do to help keep our water clean. Pre-registration is required. Class size is limited. Please call the Township office at 412.262.1700 or email ldombrowski@moontwp.us to register.
